We are excited to announce we officially have one home for all youth sports in Englewood called **Pirate Youth Sports (PYS)**. PYS is a non-profit, solely volunteer cooperative that includes the Englewood Youth Sports Association, the Englewood Soccer Association, and Englewood Wrestling and all sports formerly managed by the Parks and Rec department. Englewood families can now get all necessary information for all Englewood youth sports in one place. Our vision is to work together to offer high-quality youth sports to all kids in Englewood, to form a strong connection with our high school athletic coaches and teams for mentoring and leadership, and to develop strong youth programs that will feed into the middle school and high school teams. Currently PYS supports Baseball, Basketball, Cheerleading, Football, Lacrosse, Soccer, Softball, Volleyball and Wrestling.

Our Mission and Vision are included, and a component of our Mission Statement is to give all Englewood athletes the opportunity to play in spite of economic means. While any amount of economic assistance would be greatly appreciated, we have 5 sponsorship levels outlined in this packet. Your contribution will allow us to maintain affordable registration fees, and may provide scholarships for students that otherwise wouldn't be able to participate in our programs.

PYS is a community effort; it is the joining of many forces in the Englewood community to provide an extraordinary athletics opportunity to our youth. We are thrilled for what PYS will bring to the community, and as a local business owner, we are excited about the possibility of partnering with you to help Englewood reach new heights. We appreciate your consideration of becoming one of our Platinum, Gold, Silver, Bronze or Student Athlete sponsors.

Should you wish to contribute, or if you would like more information, please contact Laura Sakry, PYS President at 303-638-9617, or Allen McGirl, PYS Vice President at 303-907-3667.

We appreciate you and the difference you make in our community.

Sincerely,
Board of Directors Pirate Youth Sports
